COMPLIMENTARY FIRST 30 MINUTES

How Companies Ensure Women's Safety

Philips, Cairn: Confirm safe arrival at home post-late night shifts

HCL: Workshops in self-defence

Wipro, Dell: Vehicle tracking system in cars

Intel: Sound a bugle for all women employees to leave office premises by 7.30 pm

ICICI Bank, Dell: GPS and single-press button facility in phones to send distress call to at least 10 seniors

Cairn: While travelling on work, women can upgrade for better rooms and accommodation if they are not satisfied

Max Healthcare: No late night or early morning flights for women

Yebhi.com: First preference to women in parking lots, irrespective of designation, so that they do not park in an unsafe area

IBM: Sensitisation of male employees to enable them to provide help whenever required

First Female Boarding & Last Drop process, whereby no woman ever travels unescorted in a cab

Raychem RPG: 'Cobra', an instant spray that injures the attacker, written permission from plant head & HR head to retain an employee after 7.30 pm
